FORTE
INSURANCE
We build confidence

Fire Insurance

Why do I need Fire Insurance?

"I can rest assured that my investments are well secured against perils with a Fire Insurance policy from Forte."

What is Fire insurance?

Whether it's your home or your business, you have probably invested a considerable amount of time, effort and money in your property. Fire insurance will protect your property and investments against loss or damage from perils such as fire, lightning and flooding.

What can Forte's policy offer me?

Forte's Fire Insurance policy additionally gives you:

Risk assesment and prevention

When insuring with us, you are offered a thorough review of your property by our experts to minimize risks of potential loss.

Detailed property evaluation

Forte also offers a full, professional, evaluation of your property and contents to ensure your coverage is based on an up-to-date and accurate assessment.

Independent international loss adjusters

In the event of a claim, Forte engages experienced and independent international professionals who will survey the loss and guide you through the process to ensure an efficient and speedy settlement.

What is covered?

Insuring with Forte will allow you to continue with your business affairs smoothly, in spite of damage from fire or other perils. We provide insurance cover for your apartment, home or office building. Your fire policy can also be extended to cover contents, such as furniture, permanent fixtures, appliances, personal effects, machinery and equipment, and stock of raw materials.

Does the policy only protect against Fire?

No, a standard Fire policy from Forte can protect your property against damage caused by fire, lightning or many additional perils such as explosion, earthquake, riot and strike, malicious damage, flooding, impact, aircraft, burst pipes etc.

What is the period of coverage?

The standard length of coverage is based on an annual renewable period.

Can I fix the insured value in a Fire Insurance policy?

Your Fire Insurance policy will cover contents such as stock and raw materials on an indemnity basis, whereby the sum can be set according to market value. However, fixed assets like buildings, plant, machinery, furniture and fixtures can be insured on a 'new for old', replacement value basis.

How can I purchase Fire insurance?

Simply call our team of specialist advisors at

023 885 077

and schedule an appointment with one of our sales representatives or come into any of our three offices for a consultation.
