# Why do I need Hospital & Surgical Insurance?

**"If I need to be in Hospital for treatment, I want to know that I will be well taken care of."**

## What is Hospital and Surgical insurance?

A Hospital and Surgical policy helps you pay for all or some of the high costs related to surgery and hospitalisation. From pre-hospitalisation consultations, to post-hospitalisation treatment, the comprehensive plan we offer ensures that you will be protected for as little as **12 cents a day**.

## Who is it for?

You can purchase this insurance for yourself, your family, and your employees.

## Comprehensive Protection

Our comprehensive Hospital & Surgical coverage offers protection 24 hours a day, 365 days a year whether you are at work, at home or on holiday - worldwide.

## What is the Coverage?

You will be covered for the actual hospitalisation bills that you incur when you are hospitalised due to sickness or accident. This insurance takes care of room & board (up to 90 days), surgery, consultation, intensive care (up to 20 days) as well as post-hospitalisation costs (up to 90 days).

## What are the special benefits of insuring with Forte?

At Forte, we think of your convenience first. You can benefit from the close relationships we have with 9 leading hospitals in country - assuring you of quality health services. Forte's policy additionally gives you:

### Convenient Access to Hospitals

Unlike with other policies, you can be admitted into hospital without the need to pay cash up front.

### Cash Disbursements for Room and Board Costs

When staying at a government hospital, you will receive daily cash disbursements to cover your room and board costs.

### Dental Coverage

Your policy also covers dental care as a result of injuries sustained in an accident.

## Emergency Treatment

Any emergency or outpatient treatment will be covered within 24 hours of an accident, plus follow-up outpatient treatment for the next 30 days.
